

METHOD OF PRODUCING AND SELLING POPULAR WORKS OF ART  
THROUGH THE INTERNET

ABSTRACT

5           In accordance with the present invention, a method, system, and program for  
producing a work of art over a network based on popular demand is disclosed. The  
preferred embodiments collect bids for a work of art wherein the number of bids for  
the work of art is recorded in a specific project record and the work of art is ordered  
to be produced if the number of bids for the work of art reaches a minimum number  
10 of bids. Moreover, further embodiments obtains a pre-payment or a guarantee for  
payment for the work of art while collecting bids for the work of art. In addition,  
further embodiments set a cutoff date by when the number of bids must reach the  
number of minimum number of bids or cancel the work of art if the cutoff date has  
been reached and the number of bids for the work of art associated with the project  
15 record does not reach the minimum number of bids.
